

Applying Industrial Design to Improve Yard Layout & Operational Efficiencies - 1.5 Day Workshop • Charlotte, NC

November 12th 8AM- 4PM • November 13th 7:30AM-11AM

In this HANDS ON workshop you will learn how to assess and improve yard layout! Using a set of information to illustrate the process, the workshop will cover the introduction to “kaizen” (continuous improvement) yard assessment methodology. Using Excel spreadsheets for analyzing the data, participants will prepare a road map and timeline to improve the efficiency of the lumber yard layout. Laptops & Tablets will be used; for maximum social distancing efforts, each student must bring their own device.

Material Covered:

- Grouping product families/SKU's
- Collecting and analyzing delivery and customer pick-up data
- Mapping the “Current State” of the yard by product location, truck staging/loading areas, and customer pick-up driving patterns
- Determining distances traveled by pickers as they assemble orders
- Brainstorming opportunities for improvement
- Developing criteria for evaluating “Future State” layouts
- Creating new layout options
- Developing an implementation plan

Thank you to our sponsor
WorkSafeWorkSmart who will
 be hosting a lunch & learn for
 the attendees on 11/12!

There will be a one-hour homework assignment that will be distributed two weeks prior to the class. Completing this assignment prior to the seminar will help participants better utilize their time during the workshop.

Instructor: Scott Morrison is the President/Owner of Scott Morrison Consulting, LLC, which works with LBM dealers (many with accompanying manufacturing facilities) across the US to teach them how to identify and systematically reduce and eliminate waste in their processes.

- Fees:** **BMSA Members: Special BMSA member discount: \$399 per attendee**
Non-Members: \$669 and must be paid in advance
Tuition Includes course material, instruction & sponsored lunch on 11/12
Workshop Location: Embassy Suites by Hilton Charlotte: 4800 South Tryon St. Charlotte, NC 28217 (P) (704) 527-8400.
