

Building Material Suppliers Association

Spring 2022 CFO Roundtable & Training Conference

April 12 & 13, 2022

This conference will include presentations and discussions on current-day issues pertinent to CFOs in the building materials industry. Topics will include instruction on performing an ABC Analysis of your customer base, a presentation and discussion of current human resource hot button issues and a presentation of current insurance industry topics including health care captives. In addition, all participants will participate and speak on issues that they have addressed in their organizations and provide solutions that have been successful and those “solutions” that were less than successful. Finally, all participants will review, analyze, compare, and benchmark each member’s 2021 financial statements and operational performance.
